PROFESSIONAL SUMMARY

BCA graduate with hands-on experience in data analysis, data cleaning, visualization, and dashboard development using SQL, Excel, Power BI, and Power Query. Completed a Data Analytics training program at Xplore IT Corp, Coimbatore, and a Data Visualization internship at Decodet Technologies. Developed practical analytics projects on real-world datasets.

TECHNICAL SKILLS

MySQL: Joins, Aggregations, CTEs, Views, Subqueries, CASE, Window Functions, Data Filtering
Power BI: Power Query, DAX Measures, Data Modeling, KPI Reporting, Dashboards, Slicers, Drill-throughs
Excel: Advanced Excel, Pivot Tables, Advanced Formulas, Power Query, Data Cleaning, Data Analysis
Python: Python Basics, Pandas, NumPy, Matplotlib, Seaborn, Data Cleaning, Data Analysis
Analytics: Data Cleaning, Data Transformation, Exploratory Data Analysis, Visualization, Reporting

WORK EXPERIENCE

Data Analytics Trainee | Xplore IT Corp, Coimbatore

- Completed hands-on Data Analytics training covering SQL, Excel, Power BI, Power Query, DAX, Pandas, and NumPy.
- Built end-to-end data cleaning, analysis, and dashboard projects on real-world datasets.
- Practiced SQL querying, DAX measures, data modeling, and data storytelling through guided exercises.

Data Visualization Intern | Decodet Technologies, Coimbatore | May 2025 - June 2025

- Developed interactive dashboards using Excel and Power BI to analyze operational KPIs and performance metrics.
- Used Power Query for data cleaning, transformation, and validation to improve reporting consistency.
- Prepared analytical reports and visualizations to communicate data-driven insights effectively.
- Collaborated on dashboard development and delivered reporting solutions within project timelines.

PROJECTS

E-Commerce Analytics Dashboard - Excel

- Built an interactive dashboard using Excel and Power Query to analyze sales, orders, revenue, returns, and regional performance.
- Used Power Query to import, clean, transform, and prepare raw data for analysis.
- Created Pivot Tables, calculated metrics, dynamic slicers, and interactive visualizations to analyze business performance.

ICC All Format Cricket Statistics - Power BI

- Collected cricket statistics from web sources using Power Query and consolidated data from multiple tables into an analytical dataset.
- Cleaned, transformed, and standardized scraped data using Power Query before analysis.
- Built an interactive Power BI dashboard with DAX measures, slicers, drill-throughs, and multiple visuals to analyze teams, matches, wins, scores, and performance.

Blinkit Retail Data Analysis - MySQL

- Analyzed retail sales data using MySQL to identify customer, product, category, and sales performance patterns.
- Used Joins, CTEs, Views, CASE statements, aggregations, subqueries, and Window Functions for analysis.
- Performed filtering, grouping, and ranking to identify top-performing customers, products, and categories.

EDUCATION

BCA - Bachelor of Computer Applications | Parks College | Tamil Nadu | 2023 - 2026

HSC | Kabilar Government Boys Higher Secondary School | 2021 - 2023

CERTIFICATIONS

Data Analytics Training (Certified): SQL, Excel, Power BI, Power Query, Python(Libraries) | Xplore IT Corp, Coimbatore

Data Visualization Internship Certificate | Decodet Technologies
