PROFESSIONAL SUMMARY

Entry-level Data Analyst with hands-on project experience in SQL querying, data cleaning, exploratory data analysis (EDA), and Power BI dashboard development. Skilled in MySQL, Power Query, DAX, and Microsoft Excel, with working knowledge of Python (Pandas, NumPy, Matplotlib, Seaborn). Built KPI reports and interactive dashboards across retail sales, e-commerce, financial performance, and fleet operations, converting multi-table datasets into clear, decision-ready insights.

TECHNICAL SKILLS

SQL (MySQL): SELECT, JOINs, Subqueries, CTEs, Views, CASE Statements, Aggregate Functions, Window Functions, Multi-Table Analysis
Power BI: Data Modeling, DAX Measures, KPI Cards, Interactive Dashboards, Slicers, Drill-Through, Report Design, Data Visualization
Power Query: ETL, Data Cleaning, Data Transformation, Data Standardization, Table Merging, Data Preparation
Microsoft Excel: PivotTables, VLOOKUP, XLOOKUP, INDEX-MATCH, Formulas, Charts, Data Cleaning, Reporting
Python: Pandas, NumPy, Matplotlib, Seaborn,
Data Analytics: Exploratory Data Analysis (EDA), Data Validation, KPI Reporting, Trend Analysis, Sales Analysis, Profitability Analysis, Business Reporting

EXPERIENCE

Data Visualization Intern | Decodet Technologies, Coimbatore | May 2025 - June 2025
- Built Excel and Power BI visuals to report operational KPIs and performance metrics for internal stakeholders.
- Cleaned, transformed, and standardized raw datasets in Power Query, improving data consistency for analysis and reporting.
- Developed charts and visual summaries that communicated data patterns and performance trends to non-technical viewers.

PROJECTS

Retail Operations Analytics Dashboard | MySQL, Power BI
- Queried multi-table retail data with JOINs, CTEs, aggregations, and window functions to analyze sales, customer activity, product performance, and regional results.
- Calculated monthly trends, running totals, product rankings, and customer segments to support performance review.
- Built a two-page interactive Power BI dashboard with KPI cards, slicers, sales trends, and a product profitability table covering estimated profit and profit margin.

Sales and Financial Performance Dashboard | Power BI, DAX
- Developed DAX measures for gross sales, net sales, cost of goods sold (COGS), estimated profit, and profit margin.
- Compared monthly financial performance, country-level results, customer profitability, and product contribution.
- Applied cumulative sales calculations and time-based analysis to evaluate performance across business dimensions and reporting periods.

Blinkit Quick-Commerce SQL Analysis | MySQL
- Analyzed a five-table quick-commerce dataset covering customers, orders, order items, products, and inventory.
- Applied JOINs, aggregate functions, subqueries, CTEs, views, CASE statements, and window functions to examine sales patterns and product and customer performance.
- Investigated order and payment statuses, delivery intervals, and inventory indicators to validate data quality and query logic.

Fleet Trips and Transportation Operations Dashboard | Power BI
- Analyzed approximately 15,000 fleet trip records to investigate transportation activity, trip performance, and regional patterns.
- Reported operational KPIs including total trips, active vehicles, completed trips, average trip duration, delayed trips, revenue, expenses, and profit.
- Designed interactive report pages with date, region, trip status, route type, and vehicle filters to support fleet performance analysis.

TRAINING

Data Analytics Training | Xplore IT Corp, Coimbatore
- Practiced SQL querying with JOINs, aggregate functions, subqueries, CTEs, CASE statements, views, and window functions.
- Worked with Excel reporting, Power Query transformations, Power BI data modeling, DAX calculations, and KPI reporting.
- Gained foundational exposure to Python data analysis libraries, including NumPy and Pandas.

EDUCATION

Bachelor of Computer Applications (BCA) | Parks College, Tirupur | Bharathiar University | 2023 - 2026

Higher Secondary Certificate (HSC) | Kabilar Government Boys Higher Secondary School | 2021 - 2023

CERTIFICATIONS

- Data Analytics Training Certificate - Xplore IT Corp, Coimbatore
- Data Visualization Internship Certificate - Decodet Technologies, Coimbatore
