PROFESSIONAL SUMMARY

BCA graduate with hands-on experience in data analysis, data cleaning, data transformation, and dashboard development using Excel, SQL, Power BI, and Power Query. Completed a Data Visualization internship at Decodet Technologies and a Data Analytics training program at Xplore IT Corp. Developed projects involving e-commerce sales analysis, cricket statistics visualization, and retail data analysis. Seeking an entry-level Data Analyst, BI Analyst, or Reporting Analyst role to apply analytical skills and support data-driven business decisions.

TECHNICAL SKILLS

SQL: MySQL, Joins, Aggregations, Subqueries, CTEs, Views, CASE Statements, Window Functions, Filtering, Ranking

Power BI: Power Query, DAX Measures, Data Modeling, KPI Reporting, Interactive Dashboards, Slicers, Drill-through

Microsoft Excel: PivotTables, Lookup Functions, Advanced Formulas, Data Cleaning, Power Query, Data Analysis

Python: Fundamentals, Pandas, NumPy, Matplotlib, Seaborn

Data Analytics: Data Cleaning, Data Transformation, Exploratory Data Analysis, Data Visualization, Reporting, Analytical Problem-Solving

INTERNSHIP EXPERIENCE

Data Visualization Intern | Decodet Technologies, Coimbatore | May 2025 - June 2025

- Developed interactive dashboards using Excel and Power BI to analyze operational KPIs and performance metrics.
- Used Power Query to clean, transform, and validate data for reporting.
- Prepared analytical reports and visualizations to communicate data insights.
- Contributed to dashboard development and completed reporting tasks within project timelines.

TRAINING

Data Analytics Training | Xplore IT Corp, Coimbatore

- Completed hands-on training in SQL, Excel, Power BI, Power Query, DAX, Pandas, and NumPy.
- Practiced data cleaning, transformation, SQL querying, data modeling, and dashboard development.
- Applied analytical techniques through guided exercises and practical projects.

PROJECTS

E-Commerce Analytics Dashboard | Microsoft Excel

- Imported, cleaned, and transformed sales data using Power Query.
- Developed an interactive dashboard using PivotTables, calculated metrics, and slicers.
- Analyzed sales, orders, returns, and regional performance to examine business trends.

ICC All-Format Cricket Statistics | Power BI

- Collected and consolidated cricket statistics from web sources using Power Query.
- Cleaned, transformed, and standardized data from multiple tables.
- Built an interactive Power BI dashboard using DAX measures, slicers, drill-throughs, and multiple visuals to analyze team and match performance.

Blinkit Retail Data Analysis | MySQL

- Analyzed retail sales data to examine product, category, customer, and sales performance.
- Used joins, CTEs, subqueries, CASE statements, aggregations, views, and window functions.
- Applied filtering, grouping, and ranking to identify top-performing products and categories.

EDUCATION

Bachelor of Computer Applications (BCA) | Parks College, Tirupur | Bharathiar University | 2023 - 2026

Higher Secondary Certificate (HSC) | Kabilar Government Boys Higher Secondary School | 2021 - 2023
